

TECHNOLOGY CHANGES
EVERYTHING.
CONNECTED. SECURED. MANAGED.

COMPLETE PROPERTY TECHNOLOGY

One property. One technology strategy. One accountable partner.

A complete-property model connecting infrastructure, connectivity, security and ongoing operations.

CBN transforms disconnected systems into one connected, professionally managed platform.

THE OPERATING OUTCOME

Less vendor friction. Better system visibility.
Faster decisions. Clear accountability.

ASSESS

Understand the complete property.

CONNECT

Build the technology foundation.

MANAGE

Operate through one partner.

OPTIMIZE

Report, plan and create value.

Technology Changes Everything. | Connected. Secured. Managed.

TECHNOLOGY CHANGES
EVERYTHING.
CONNECTED. SECURED. MANAGED.

CHOOSE THE RIGHT OPERATING LEVEL

Three programs. One accountable partner.

Start with what the property needs today, then expand toward complete-property operations.

SECURITY SYSTEM CARE

\$995 / month

Structured support and diagnostics

One CBN relationship

SECURE PROPERTY

\$1,750 / month

Preventive security operations

One CBN relationship

MANAGED COMMUNITY

\$3,500 / month

Complete property technology operations

One CBN relationship

HOW PRICING WORKS

PROGRAM FOUNDATION

Base + minimum

Each program begins with a monthly commitment.

Covered assets

Per-device fees scale by the systems covered.

Onboarding

Assessment establishes the service baseline.

OPTIONAL EXPANSION

Premium Protection

Enhanced coverage can replace standard rates.

Network operations

Managed Community adds core infrastructure.

Resident help desk

Optional support at \$7.50 per unit monthly.

Metro Fiber is CBN's connectivity division. Resident internet and support are included only when scoped.
